Kashti wali building.

SKILLS & PROFICIENCIES

- Analysis
- Software Design
- Software Documentation
- Software Testing
- Teamwork
- Programming Skills
- Software Development Fundamentals , Process
- Software Requirements
- Software Architecture
- Self-Directed
- Multitask
- Communication Skills
- Results Oriented
- High Energy
- Self-Motivated.
- A desire to remain technically capable and an expert in current technologies
- Good communication and presentation skills.
- Abilities to take on leadership roles.
- Ability to teach others in an effective way.

OBJECTIVE

An adaptable and responsible individual seeking to work for a progressive organization in a highly motivating and challenging environment that provides the best opportunities to grow and utilize the skills, aptitude and potential to the fullest in order to achieve goals while achieving personal targets.

Software developer with more than 4 years of industry experience with ASP.NET CORE, Angular 6-8, Typescript 3, ASP.NET, MVC, HTML/CSS, JavaScript, JQuery, MS SQL and other software / web development and designing related technologies.

WORK EXPERIENCE

Think Digitally Pakistan - (July, 2020 – Continue)

Designation: **Senior Software Developer**

Viftech Solutions Pvt. (Ltd) - (July, 2017 – June, 2020)

Designation: **Software Developer**

Peach Technology Pvt. (Ltd) - (Jan, 2017 – July 2017)

Designation: **Junior Software Developer**

Gensoft Solutions Pvt. (Ltd) - (June, 2015 – Dec, 2015)

Designation: **Intern**

EDUCATION

Year	Institution	Qualification
Last Semester	Virtual University of Pakistan	Bachelor of Computer Science (BSCS)

TECHNOLOGIES COMPETENCIES

Programming Languages

- ASP.NET Core 2.2 (SOA Architecture)
- Angular 6-8
- .Net Core 3-5
- Angular JS
- Azure Functions
- Typescript 3
- JavaScript
- JQuery
- ASP.NET MVC 4-5
- ASP.NET Web Form
- C#

Frameworks

- Entity Framework Core
- Entity Framework
- LINQ
- Dapper
- ADO.NET

Source control

- TFS
- DevOps Azure / TFVC
- SVN

Other Skills

- Desktop Application / Batch Processes Deployment, Configuration and Scheduler Configuration
- Website Deployment and Configuration
- MSSQL
- SSRS Report
- XSD
- XSLT
- XML

Extra Activities & Participations

- MS Excel Certification
 - <https://www.youracclaim.com/badges/1ba88490-5a17-4e2d-9fc3-e5aa43fae8f8>
- MS Word Certification
 - <https://www.youracclaim.com/badges/d47012e7-22fa-473d-be10-495f71e13a17>
- MS PowerPoint Certification
 - <https://www.youracclaim.com/badges/5eeab288-8ac8-431f-923c-f0816531625b>

PROJECTS & PORTFOLIO

1	Inspection Management System <i>Technology and Tools:</i> ASP.NET Core 2.2 (SOA), Angular 8, Typescript 3, Entity Framework Core, SSRS. It is an inspection management system and it's developed for doing inspection from it's we can do two kind of inspection Building Inspection and Building Inventory Inspection .
2	ERT – Expense Reporting Tool <i>Technology and Tools:</i> ASP.NET MVC 5 (Razor), Entity Framework 6 It was a web application, It's developed for automate the expense according to category, in one module we assign budget for category and other module user add the expenses and automate the expense and warn to user expenses is being increase from the defined budget according to category in the specific period of time.
3	ULDD Application – Universal Loan Delivery Data-set <i>Technology and Tools:</i> ASP.NET MVC 5 (Razor), Entity Framework 6, Schema Validation, XSD Validation, XSLT. It was a web application, integrated with Encompass database for a US based mortgage organization, It was developed to search the loans along with different conditions and to export ULDD format files Fannie Mae / Freddie Mae for the selected loans.
4	Encompass Plugins & Process: <i>Technology and Tools:</i> Win Form, Batch Process. Had developed and worked on different kinds of plugins (form / loan) and batch processes (using SDK, PSDK) for Encompass tool used by mortgage companies.
